

**ADA TOWNSHIP SOFTBALL PROGRAM**

**COVID-19 GUIDELINES**

**FOR SOFTBALL GAMES IN ADA TOWNSHIP PARKS**

Players, managers and others participants in this year's Ada Township Adult Softball Leagues are expected to adhere to the following COVID-19 safety and guidelines:

- Participants complete and sign a screening/acknowledgement of risk form prior to participation in any game.
- Maintain six-foot social distancing throughout the game and in the park except for immediate family, members of the same household, and in the "tag" action of the game.
- Wear a face mask whenever possible
- Players should bring their own equipment so they don't need to share equipment.
- Teams are to provide their own sanitation supplies for equipment.
- Teams are to use separate sets of softballs when in the field (provided by the Township).
- In slow-pitch softball games, there will be no stealing of bases.
- A mat on home plate is to be used so batter, catcher and umpire can maintain distances.
- Food and beverages should not be shared. Spitting of seeds, gum or related materials to be minimized.
- Spectators are to maintain social distancing except for immediate family and households.

Thank you,

Ada Parks Staff
