ADA TOWNSHIP COMMUNITY PARKS AND RECREATION PLAN SECTION 1

INTRODUCTION

Parks, Recreation and Open Space are important elements of all communities and reflect positively on the quality of life for residents. In recent years, a more holistic approach to recreational planning has been encouraged, stretching beyond the boundaries of traditional parks to include sidewalks, linear trails, greenways, town squares, plazas and other publicly and privately owned lands. In addition to the human benefits of recreation and open space, there are also important environmental benefits such as water resource protection, reduced vehicular traffic and plant and wildlife protection. The youth of the community are given places to go and activities to participate in that provide positive and constructive ways for them to use their leisure time. Families can find fun and inexpensive means of getting together with their friends and neighbors in a manner that builds a positive image of the community. The elderly also benefits from such programs in ways that provide for healthy and happy retirement.

PLAN PURPOSE

This 2022 Ada Township Community Parks and Recreation Master Plan is a guide for the future development of recreation opportunities for the residents and visitors of the Township. The plan addresses current recreation issues and identifies future needs of the community and the means for meeting those needs over the up-coming five-year period. It addresses both short and long-range goals and objectives and identifies an action program by which these goals and objectives can be accomplished. In addition, the plan serves as an educational tool to acquaint local officials and residents of the need for a sound and balanced recreation program.

This Plan has been developed both to reflect the needs and goals of the community and to meet the Michigan Department of Natural Resources requirements for qualifying for Federal and State funding assistance. These funds are available for land acquisition, facility development, and improvements to new and existing parklands.

PLAN SCOPE

The scope of this plan includes the Township's active and passive recreation facilities, undeveloped open space and linear "green" corridors. Recreational programming is also an important consideration. The area of the plan is essentially limited to the Township boundaries. However, consideration is also made of neighboring municipal facilities and regional facilities that influence use patterns. In terms of time, the Capital Improvement Schedule of this document covers development over the next five years. However, the Goals and Objectives developed to guide recreation planning may continue to be relevant for many more years to come.

The following Parks and Recreation Plan is an outgrowth of the impending need for increased recreational programs and facilities as the population of Ada Township and the surrounding area grows and diversifies. A well-conceived strategy for the acquisition of land, the development of facilities, expansion of programs, and the continuation of on-going operation and maintenance practices will assist the Township in meeting future recreational and leisure-time needs as they develop.

This recreation plan identifies facility and program needs that are expected to occur, develops short and long-range goals and objectives, and presents an action plan and justification for the implementation of the goals and objectives and the maintenance of existing and resulting facilities. The plan is task specific on the short range elements and more generalized on the long range elements to allow some degree of flexibility to respond to changes in need or interest at the local level. Deviations to the plan would, however, be subject to review and analysis prior to the modification of this plan.

ADA TOWNSHIP COMMUNITY PARKS AND RECREATION PLAN SECTION 2

COMMUNITY DESCRIPTION

INTRODUCTION

The 2022 Parks, Recreation and Land Preservation Plan has been prepared by the Ada Township Parks, Recreation and Land Preservation Advisory Board along with input from the community. In 2016, the Advisory Board was established by merging the previous Parks Committee and Open Space Preservation Advisory Board which consolidated the leadership for these initiatives and provided the oversight of this Plan. At the same time the Township merged two previous voter-approved millages into one to support the newly titled Parks, Recreation and Land Preservation Program.

The 2022 Parks, Recreation and Land Preservation Plan will serve as a guide for the Township's goals and expenditures on park facilities, recreation programs and services, operations and land preservation initiatives for the coming years. It serves as an integrated guide for Township decision-making in the areas of park and recreation land and facility development, non-motorized trail development, as well as the development of a network of integrated open space lands in the Township.

The Plan considers existing park, recreation and open space lands and facilities in and around the Township (public and private), the need for additional or improved facilities, and the means for providing those facilities during the five-year planning horizon. The Plan also considers the existing land resource base in the community, and the many important values and functions that are served by having a significant base of natural lands in the community.

With the establishment of this Plan, the Township has a clearer guide for financial planning and coordination of fundraising support. It also enables the Township to apply for Federal and State grant funds for acquisition and development of park, recreation and open space land and facilities, most of which are administered by the Michigan Department of Natural Resources.

HISTORY

Ada Township is centrally located in the county, bound on the north by Cannon, on the east by Vergennes, on the south by Cascade, and on the west by Grand Rapids. Ada was settled as early as 1821 when Rix Robinson built a trading post near the area to trade furs with a local Ottawa village. Robinson made the first land purchase here in 1833, and a settlement developed along the Thornapple River. A post office was established in 1837. Both the township and village settlement were named for Ada Smith, the daughter of the first postmaster.

SOCIAL CHARACTERISTICS

In the last 40+ years, the character of Ada Township has changed dramatically in many ways. The community has evolved from a sparsely populated, predominantly rural and agricultural community to a highly-diverse community containing both urban and rural characteristics. This transformation is due in large part to the Township's location at the perimeter of the Grand Rapids urbanized area, about 10 miles from Downtown Grand Rapids.

The international growth of the Amway Corporation has provided the benefits of a generous industrial tax base to the Township, as well as a major source of local employment. A variety of smaller employers contribute to the Township's tax base. The southeast quadrant of the Township, which is served by public sewer and water and is near urban employment and service centers, has been the focus of a significant amount of suburban residential development over the last 30+ years. This urbanization has placed new demands on public services in the Township, such as increased traffic on Township roads and the need for additional parks and recreation facilities.

One characteristic of the Township has remained largely unchanged. The Township has an abundance of natural features which contribute to its scenic beauty and its attractiveness as a living place. These include wooded, rolling hills, spacious meadows, active and fallow farmland, the Grand and Thornapple Rivers, smaller streams and wetlands. Unlike many other highway corridors in the metropolitan area, the Fulton St. (M-21) corridor has, by the Township's intention, remained largely free of linear-patterned commercial development and its resulting negative impacts on traffic congestion and safety and community aesthetics. The preservation of this attractive natural character remains a

preeminent goal for the Township's future, while accommodating quality growth and development.

POPULATION

The Township's population growth rate has accelerated in each of the last two decades. Ada has a 2020 population of 15,080. Ada is currently growing at a rate of 0.83% annually and its population has increased by 14.73% since the most recent census, which recorded a population of 13,144 in 2010. Ada reached it's highest population of 15,080 in 2021.

POPULATION BY RACE

According to the most recent ACS, the racial composition of Ada was White: 90.64%, Asian: 4.93%, Black or African American: 2.10%, Two or more races: 1.83%, Native American: 0.33%, Other race: 0.18%. The Township population remains relatively non-diverse.

POPULATION BREAKDOWN

Median age is 42.1, 42.4 male and 41.8 female. 53.44% of the population in Ada is male with 47.56% being female. 94.1% are home owners versus renters. Average family size is 3.2 and average household size is 2.93. 75.9% of households are married, 15.4% non family, 6.4% female and 2.5% male. 86% of the over 25 population has attended some college through obtaining a Graduate Degree.

HOUSEHOLD INCOME

The average household income in Ada is \$173,889 with a poverty rate of 3.44%.

PHYSICAL CHARACTERISTICS/RESOURCE INVENTORY

TOPOGRAPHY

The topography of much of Ada Township is characterized by hilly, undulating terrain formed by glacial activity. The Township's relief is an important natural feature, providing visual interest and privacy. In addition, these conditions can be utilized in recreational facility planning to provide challenging hills for activities such as cross-country skiing. This terrain makes planning of bicycling facilities more difficult. While the Township's hills seem to be particularly attractive to those aggressive cyclists who seek out difficult terrain for training purposes, the steep hills can be a daunting challenge to more casual cyclists. Care should be taken to ensure that facilities limited to advanced skiers and

cyclists are balanced with facilities for those with limitations such as beginners, children, and the elderly. In much of the Township, the terrain makes design of non-motorized trails in conformance with AASHTO design guidelines difficult to achieve.

WATER RESOURCE

The Grand and Thornapple Rivers are the major water features in Ada Township. Approximately 10.5 miles of the Grand River lie within Ada Township. The Thornapple River is also an important resource in the community. The river's Ada dam creates a backwater area that has limited recreational use by river frontage property owners. There is no public boating access to the Ada dam backwater area. Public boat access to the Grand River is available at two locations in the Township, at Fulton St. and Knapp St. These two public access sites are well-used for recreational access to the Grand River, primarily for sport fishing and for recreational paddlecraft. The Grand River upstream of Fulton St. is used by the Forest Hills Public Schools crew teams for training. There are a few small lakes and many small ponds in Ada Township. Chase Lake, about 50 acres in surface area, is the largest lake in the Township. It is surrounded by extensive wetlands. The lake is shallow and is in an advanced state of eutrophication. Although not well suited for intense water sports use (power boating or waterskiing), the lake is a very attractive setting for quiet enjoyment of nature. The lake and surrounding wetland contains habitat for some species considered endangered by the Michigan DNR. There is no public access to Chase Lake.

SOIL

Deep dry sands predominate in Ada Township. These sandy soils are found primarily on the hilly moraines on either side of the Grand River through most of the Township. These soils are generally well-suited for construction of building foundations, septic disposal fields, and facilities for active recreational opportunities. Ada Township II-11 2017 Parks, Recreation and Land Preservation Plan Other soils in the Township generally present limitations to development. Heavy clay loam soils, found in the southwestern and northeastern parts of the Township, are not suited to on-site disposal of sewage effluent. Potential for residential development is limited in these areas, some of which may never be serviced by public water or sewer. Areas with limitations on development in some cases may be suitable for public ownership for provision of passive recreational facilities. Organic soils are found along the rivers, streams, and drainage courses throughout Ada Township. There also is a concentration of organic peat and muck around the lakes in the northeastern portion of the township. These soils can pose severe limitations on development; floodplains and wetlands associated with these soil types can serve as important habitat for plants and animals and form greenways that can be utilized for their

recreational values. Public or private trust acquisition can protect some environmentally sensitive areas.

VEGETATIVE COVER

Woodlands are a prominent natural feature in Ada Township. Riparian forest cover is concentrated along the banks of the Grand River and in ravines associated with drainageways. The dry oak-hickory forests in the northeastern part of the Township are typical of the forest cover that once occupied most of the Township area with sandy soils. Scattered stands of northern hardwoods (maple, hickory, and beech) are located in the southwestern corner of the Township.

FLOODPLAIN

Floodplains in Ada Township are associated with the Grand and Thornapple Rivers. The Grand River floodplain in some places is almost 4,000 feet wide. Extensive development has occurred in some portions of the Grand River floodplain, such as most of the Alticor Corp. complex, but most of the floodplain is undeveloped.

WETLANDS

An extensive area of wetlands is found in a very large area surrounding Chase Lake, near 3 Mile Rd. and Honey Creek Ave. Other extensive wetland areas are found along the major and minor streams in the Township. Examples include land along Carl Creek, the Strawberry Creek corridor north of St. Roberts Church and east of Adacraft Commons, and the extensive wetlands found along Honey Creek and its tributaries in Seidman Park.

HISTORICAL RESOURCES

Historic sites often are associated with recreational facilities and activities. While there are a variety of historic resources located in Ada Township, ranging from historic homesteads to turn-of-the-century commercial buildings, official designation of these resources is limited. There is only one site listed on the National and State registers of historic places, the Ada Covered Bridge site, at Leonard Field Park in the Ada Village area.

Perhaps the most significant of the Township's un-designated historic sites is the site along the south bank of the Grand River, west of Alticor Corp., which was the location of Rix Robinson's trading post. Robinson was one of the first European settlers in all of West Michigan, and is regarded as the original founder of the Ada community.

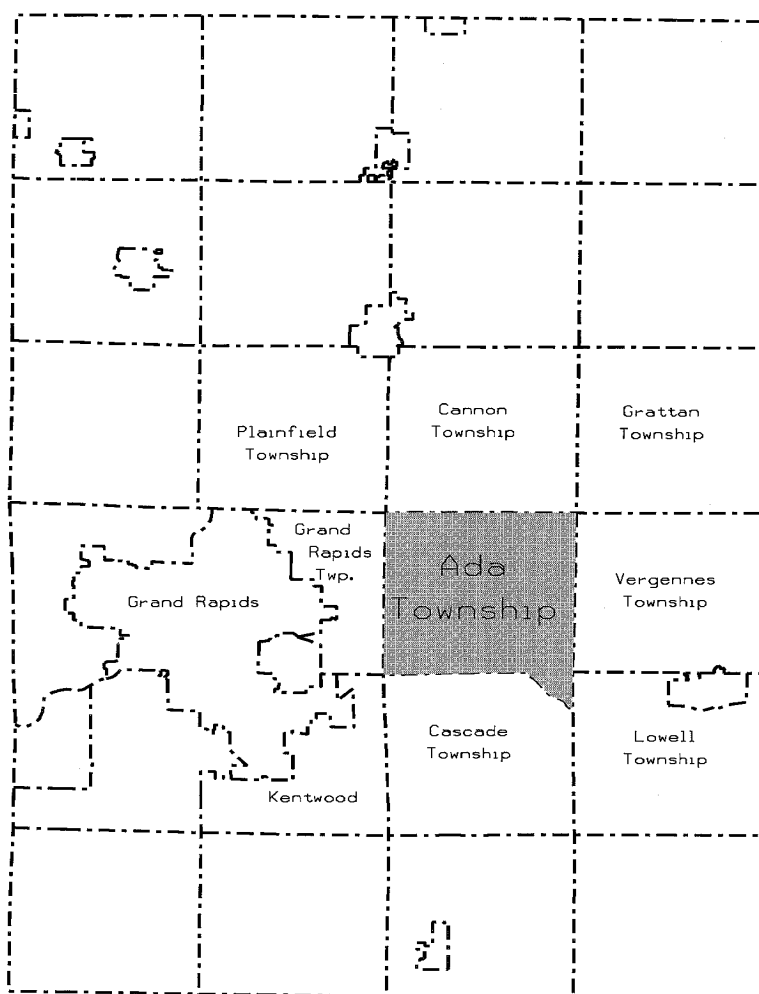

TRANSPORTATION

The transportation system provides a backbone for accessibility and guides how people travel. Road conditions affect the amount and type of traffic on any particular road. The conditions of a road will affect the amount and type of traffic on any particular road. Furthermore, the transportation system encompasses more than the roadway system to

include all the means by which residents move around within the Township and regionally, whether by public transportation, bicycling and walking, air, rail, or other means.

ADMINISTRATIVE STRUCTURE

ORGANIZATIONAL CHART

PARKS AND RECREATION DEPARTMENT

Ada Township has the following parks and preserves: Ada Township Park, Roselle Park, Legacy Park, Leonard Field Park & Ada Covered Bridge, Carl Creek Crossing Preserve, Carl Creek Wetland Preserve, Knapp Corner Preserve, and Grand River Natural Area.

Ada Township's park, recreation and land preservation program is administered by the Parks & Recreation Director with oversight from the Parks, Recreation and Land Preservation Advisory Board, Township Manager and the Township's Board of Trustees. The Parks & Recreation Director implements recreational policies and budgets established by the Township Board of Trustees, administers the township parks, recreation and open space protections budgets, submits grant applications, and oversees completion of park improvement projects and acquisition of park and open space lands. The Township Board adopts park rules and regulations. The Township Supervisor appoints, subject to Township Board approval, representatives to the 11-member Parks, Recreation and Land Preservation

Advisory Board, which advises the Supervisor, Manager, Parks & Recreation Director and Township Board on matters relating to the development, improvement, operation and maintenance of the Townships parks and land preserves, park operating policies, establishment and adjustment of user fees, and planned capital improvement projects, as well as recreation and educational programs offered by the Department. The Advisory Board is also charged with responsibility for preparation and updating of the Parks, Recreation and Land Preservation Plan. The Parks & Recreation Director is responsible for the management and operation of the Township's park facilities, preserves and recreation programs, including recruitment and supervision of seasonal employees. Park programs include a variety of outdoor recreation and environmental education programs.

RECREATIONAL PROGRAMMING

The Parks & Recreation Director is responsible for the management and operation of the Township's park facilities, preserves and recreation programs, including recruitment and supervision of seasonal employees. Park programs include a variety of outdoor recreation and environmental education programs. The Township organizes and manages a summer softball league that is one of the largest such leagues in the area, managed by seasonal staff.

PARKS AND RECREATION DEPARTMENT RESPONSIBILITIES

The Parks & Recreation Department oversees the operations and maintenance of all the parks, preserves and trails. This includes the amenities within the parks and all the equipment and supplies needed to maintain them. The Department also oversees, plans and implements recreation and education programs and assist with community events.

CURRENT FUNDING SOURCE

Ada Township funds park, recreation and land preservation initiatives, programs, operations and maintenance through several revenue sources. These include but are not limited to voter-approved Township millages, general fund contributions, user fees, local, State and Federal grant funding, business donations and private contributions.

Currently two millages are in place. One is specific to the trail system, the other to the Parks, Recreation and Land Preservation initiatives. In 2017, a past Parks millage and a past Open Spaces millage was combined into a single millage.

ROLE OF VOLUNTEERS

Volunteerism within the Parks and Recreation Department has been key to its operations and continues to grow as an integral part of community engagement.

ADA TOWNSHIP COMMUNITY PARKS AND RECREATION PLAN SECTION 4 EXISTING RECREATION INVENTORY

In order to determine the recreational needs for Ada Township, an analysis of the existing facilities was undertaken. The intent of the analysis is to provide a clear evaluation of the strengths and weaknesses of the existing recreational opportunities the Township has to offer its citizens. The inventory is based on information provided by Township staff and site inspections carried out by MCSA Group as part of the planning process.

TOWNSHIP PARK AND OPEN SPACE FACILITIES

Ada Township provides a range of passive and active recreation opportunities for residents within its Township Parks. There are five (5) parks that have existing recreational facilities on approximately 332.5 acres of public land. There are also several undeveloped green spaces in the Township's ownership.

The Township properties can be classified as follows: two (2) neighborhood parks, three (3) community parks and two (2) natural resource areas. This classification is adapted from "Park, Recreation, Open Space and Greenway Guidelines," J. D. Mertes and J. R. Hall, 1995, as recommended by the Michigan Department of Natural Resources. A more detailed description and photographic inventory of each site follows. An Existing Recreation Facilities map at the end of this section illustrates the location of public park/recreation areas within the Township, and an Existing Recreation Facilities matrix provides a summary of the facilities provided at each location.

An Accessibility Assessment of each facility was undertaken using the following ranking system for the site elements based upon the 2010 Standards for Accessible Design:

- 1 - NONE
- 2 - SOME
- 3 - MOST
- 4 - ALL

5 - THE FACILITY MEETS THE PRINCIPALS OF UNIVERSAL DESIGN

Equitable Design, Flexibility in Use, Simple and Intuitive Use, Perceptible Information and Tolerance for Error, Low Physical Effort and Size and Space for Approach and Use.

NEIGHBORHOOD PARK

Neighborhood parks remains the basic unit of the park system and serves as the recreational and social focus of the neighborhood. This park typically serves a ¼- to ½-mile distance and uninterrupted by nonresidential roads and other physical barriers. A size of 5-10 acres is considered optimal for this type of park. The focus is on informal active and passive recreational activities, such as walking, field games, court games, playground equipment, and picnicking. Although slightly smaller, Ada Township has (two) parks that fit this category.

Legacy Park
7450 River St SE
2.92 Acres

Legacy Park is a neighborhood park located on the in the Village of Ada along the Thornapple River. The Park is in Southeast portion of the Township. It was completed in the fall of 2019. It includes a playground, pavilion, sculpture, restrooms and picnic tables. Parking is located along River Street.

Accessibility Rating: 4

All walkways meet ADA. Because of the lack of a ramp and the surfacing on the playground, the park cannot be considered Universal.

Accessibility Improvements:

None

Condition:

Since the park was completed, the park is in great condition.

Leonard Field Park
7490 Thornapple River Drive
2.99 Acres

Leonard Field Park is a small neighborhood park located in Southeast portion of the Township. It has a lighted softball field that has been in that location since the 1940's. Additionally, the park has a covered bridge that was the main thoroughfare across the Thornapple River until 1930. The standing bridge is a replica of the original destroyed by a fire in 1979. It also contains a deck overlooking the Thornapple River as well as a restroom building.

Accessibility Rating: 3

This park has accessible parking spaces, and the lot is in excellent condition. However, the curb ramp located near the ADA space is not compliant with accessibility standards. The concrete pavers of the overlooks are uplifting due to erosion and settling. Additionally, there is no accessible route to the ball field due to the surrounding topography and elevation.

Accessibility Improvements:

The current curb ramp should be renovated to have a shallower ramp to gutter transition. Pavers should be leveled to remove tripping hazards and an additional, ADA compliant route should be added to connect existing sidewalks to the ball field area.

Condition:

The park needs some updating to ensure prolonged use. The historic bridge should be given annual maintenance, and improvements to the overlook areas would increase visibility of the river.

COMMUNITY PARKS

Community-wide parks serve a broader purpose than neighborhood parks and provide a range of facilities and areas capable of supporting structured and unstructured community participation. These areas are typically between 30 and 50 acres in size and serve two or more neighborhoods and ½ to 3-mile distance. Facilities may include wooded or natural areas, picnic shelters and grills, bike or hiking trails and other semi-active and passive uses for large groups of people. They may also contain specialized recreational facilities such as swimming pools, community centers, and lighted ball diamonds. Community Parks should be easily accessible from throughout their service area. Currently there are two Township parks classified within this category.

Ada Township Park
1116 Buttrick Ave SE
57 Acres

Ada Township Park is in the Southeast portion of the Township. The Park was established for the United States Bicentennial in 1976. In 2015, an adjoining lot was purchased and added to the park expanding its natural area.

Facilities at the park include:

- 1 Playground (1990's MDNR Trust Fund Grant + recent improvements)
- 1 Half-Court Basketball Court
- 1 Volleyball Court
- 4 Tennis Courts
- 6 Pickleball Courts
- 2 Softball Diamonds with Bleachers
- 1 Designated Soccer Field (1990's MDNR Trust Fund Grant)
- 2 Open Field Areas for Sporting Activities Such as Soccer, Lacrosse and Frisbee.
- 6 Picnic Areas, Each with A Grill and Picnic Tables (18 Tables Total)
- 1 Shelter with Grill, Electric Service, Water, 12 Picnic Tables and Restrooms.
Restrooms were renovated in 2001 and made barrier-free, with funding assistance from the Community Development Block Grant program.
- 3 Connected Gazebos, Near Ponds, With Grill, Electric Service And 6 Picnic Tables
- 1 Stand-Alone Gazebo in Arboretum, With Grill And 2 Picnic Tables
- Paved Path. Overlay completed with a CMI Grant
- Nature Trail
- Fishing Pond

- 2 Parking Areas. Parking area paving, landscaping, lighting, and storm water management improvements were completed, with funding assistance from the CMI Clean Michigan Initiative Grant.

Existing Park Buildings include:

Les Craig Learning Center - The former garage was converted in 1997 to the park office and 1,060 square foot multi-purpose classroom/meeting room. The office space remains as the administrative center for the parks and recreation programs. The Learning Center is used throughout the year for education programs and meetings. The Learning Center room had a few upgrades in 2014. The entire building is currently under review to improve energy conservation, accessibility, and efficiency in the office space. In addition, there is also a barrier-free, unisex restroom.

Storage and Maintenance Building - The 2,175 square foot garage and storage building was constructed in the park when the former garage was converted to meeting space. The new garage is the center of operations for maintenance of all the parks, preserves, trails, and other Township properties, and houses all the Parks and Recreation Department maintenance vehicles and equipment.

The Park also includes the Al Hook natural area as well as a Woodland Garden, small woodlot, prairie fen and wetlands, with Bud Locke arboretum containing many specimen trees in the upland portions of the park.

Accessibility Rating: 2

Not all areas of the park are ADA accessible. The parking lot near the baseball diamond does not include a designated ADA parking space. Curb ramps are often damaged or not provided as a transition between the parking lot and sidewalks. Entrances into the Township Offices and the public restroom are not accessible.

Accessibility Improvements:

Address grade change in parking lots and repave to provide the required number of designated accessible parking spaces as well as new curb ramps connecting to new or existing sidewalks, facilitating access to the baseball field and other areas of the park. Threshold ramps should be installed at building entrances that have higher than recommended thresholds. Handrails at ramps should be provided. An accessible entrance and restroom should be provided at the public restroom and shelter. Park amenities, such as waste receptacles, grills, and benches, should be placed in accessible locations on hard surfaces.

Condition: The much-loved Township park is in fair to good condition. The park needs updating and renovations to maintain the high volume of visitors enjoying the numerous amenities provided. Parking areas, sidewalks and trails, site amenities, and building/structures need to be repaired or replaced to achieve accessibility standards. Several new sport courts are in good condition.

Roselle Park

1010 Grand River Dr NE, Ada, MI 49301

240 Acres

Roselle Park is in the Northcentral area of the Township. The Park features a playground, silo climbing wall and observation deck, seasonal restroom, paved and mowed trails, a canoe landing, river overlook deck, and the Woodrick Memorial wetland observation deck.

Additionally, the Ada Resource Building is located at Roselle Park. It has year-round restrooms and a rental meeting room.

Accessibility Rating: 2

The area adjacent to the Resource center (building, walks and parking) is all accessible. Many of the walk connections on the south side of the park exceed 5% and have greater than a 1/2" change in elevation

Accessibility Improvements:

Continue to make improvement to the pathways and barrier free connections to site amenities (picnic tables, etc.)

Condition: The north side of the park is well maintained and in good condition. The south side of the park needs improvements.

NATURAL RESOURCE AREAS

Natural resource areas are lands set aside for preservation of significant natural resources, landscapes, and open space. These sites are typically unsuitable for development but offer natural resource potential and can support recreational activities at a level that preserves the integrity of the natural resource. The location and size of these parks are largely governed by availability.

The Township has six such facilities.

Carl Creek Crossing Preserve
9876 Black River Ct.
8 Acres

Carl Creek Preserve is located Southwest portion of the Township. The Preserve was established in 2011 with the goals of preserving natural land along Carl Creek, a Grand River tributary, and providing public access to the site. Improvements allowing access to the preserve were completed 2016. The Preserve offers a small gravel parking area, gravel walking paths, boardwalk, sitting areas and native plants.

Carl Creek Wetlands Preserve

155 Alta Dale

34 Acres

The Carl Creek Wetlands Preserve is located in the Southwest portion of the Township. It was purchased by the Township in 2008. It is currently undeveloped.

Thornapple Confluence Preserve

Fulton Street

26.9 Acres

This parcel is currently undeveloped

Knapp Corner Preserve

4950 Knapp St

1.06 Acres

Preserve contains the Township sign, bench and connection to Township trail

Grand River Nature Preserve
Grand River Nature Trail
120 Acres

Grand River Nature Preserve is in the Southeast portion of the Township. This 100-acre park was donated to the residents of Ada Township by Eastbrook Homes. Additional land was also donated to Cascade Township (named McGraw Park) and the Forest Hills School District (Home of their Crew boathouse), making a linear park of 150+ acres.

A paved trail starts from the Ada Park parking lot on Grand River Drive SE. An addition trail head is located off of Dogwood Meadows Drive, located in the Ada Moorings subdivision, and runs through Cascade Township, ending at the FHPS boathouse. There is also an additional natural trail that runs northwest along the Grand River.

Grand River Fulton Street Preserve

7980 M-21

5.4 Acres

This parcel was acquired in 2007. It is located on the east side of the Grand River across from the confluence with the Thornapple River and adjacent to the Fulton Street (M-21) bridge. The site is river flood plain with no development plans.

Grand River Overlook Preserve

313 and 383 Pettis

0.54 Acres

This Preserve is currently undeveloped

TOWNSHIP HOLDINGS

Chief Hazy Cloud

655 Pettis

3 Acres

A 3-acre unimproved parcel located between Pettis Ave. and the Grand River, northwest of the Conservation Street intersection, was donated to the Township as part of a litigation settlement with the former property owner. This parcel is under review for transferring out of Township ownership and into state and county ownership

Cannonsburg State Game Area

2500 Dursum

38.875 Acres

The Township also owns a significant plot of land within the Cannonsburg Game Area. This parcel is under review for transferring out of Township ownership and into state and county ownership.

LINEAR PARKS AND PATHWAYS

Township Bike Paths

Currently there are 15.5 miles of trails in Ada Township. In 2020 a 20-year millage of 1.5% was passed. Proceeds from millage fall into three categories. - An annual maintenance budget starting at \$500,000 increasing yearly at 3% - Payment of principal and interest on \$15,000,000 bond offering of which 85% (\$12,750,00) must be spent in 2022 - 2024 due to government regulations. The remaining 15% (\$2,250,000) to be spent in 2025 - 2026. - Funds available on an annual basis after maintenance, principal and interest payments are approximately \$500,000.

Future trail projects will be considered based upon, but not limited to, the 2020 Connect Ada report prepared by Nelson/Nygard, additional public comment, and input from government agencies with the goal of proposing new trails and expenditures that: - Leverage the existing trails to connect Ada Township households, neighborhoods, and Ada Village. - Recognize the potential for regional connections, account for access to township and county parks and recreational opportunities. - Maximize the user experience and longevity of current and future trails and infrastructure. - Provide support for ancillary projects such as trail head parking, way finding and user support services.

DNR Recreation Grant Inventory

Holland Charter Township has been fortunate to receive a total of five (5) grants through the Michigan Department of Natural Resources over the last 44 years. The grants assisted with acquisition and development of park property at Ada and Roselle Parks.

The most recent grant funded project helped to develop trail improvements at Roselle Park. The grant money helped fund the development of trails with river overlooks, vault toilet, canoe landing, and boardwalks which provide access to the Grand River.

Several grants have been awarded toward improvements at Ada Park. Most recently, in 1999, improvements made included updating site features to be universally accessible. Paving of gravel parking lots and walkways, lighting storm water drainage improvements, and resurfacing an existing trail system were made. Older Ada Park improvements funded by grants include the creation of a lagoon and pond, foot bridges, fishing docks, 2 softball fields, 1 football field, 2 tennis courts, entrance drives and parking, addressing topsoil erosion issues, and new plant materials. All the above improvements are in good condition and are well used by the community.

An itemized Recreation Grant History is provided in this plan.

Accessibility Assessment

In 2017, Ada Township had Disability Advocates of Kent County prepare a Site Accessibility Report. It can be found in the appendix. The Township will continue to follow the transition plans for prioritizing barrier removal.

SCHOOL FACILITIES

Ada Township is served by the Ada Christian and Forest Hills Public School Districts. The following school facilities are located within Ada Township.

ADA CHRISTIAN

Completed in 2002, Ada Christian School's 36-acre campus is located southwest of the Ada Congregational Church at Ada Drive and Fox Hollow Avenue. The building has a gymnasium, while the outdoor recreation facilities include a large playground, an irrigated turf softball field, a hard-surface play area and a multi-purpose athletic field with irrigated turf.

Ada Elementary School:

The Township's public elementary school provides some neighborhood recreational opportunities. The portion of the site not occupied by buildings or parking is about 15 acres. Recreational facilities include a hard-surfaced play area, one children's ball field, an open playfield, a gymnasium, and a playground. The ball field is used by the Little League, and the open playfield is used for practice by the AYSO youth soccer league and the area youth football league. Playground equipment is used by neighborhood children.

Ada Vista Elementary:

The Spanish Immersion magnet school for elementary grades K – 6 is in the former Ada Christian School building. The school is located on Bradfield Street between Ada Elementary and the village and is home to 550 students. The playground, basketball courts and two soccer fields are available for use by residents of the surrounding neighborhood. The AYSO league uses the soccer fields for practices and games. The school also has a gym, an outdoor track and two ball fields.

Goodwillie Environmental School

Opened in 2001, the Environmental School offers Forest Hills Public School fifth and sixth graders the unique opportunity to use the outdoors as a "living classroom." Enrollment is limited to 97 students that are selected to attend through a 5-step evaluation process. The school sits on a 28-acre parcel on Two Mile Road in the Northeastern section of the Township, adjacent to the 530-acre Seidman Park.

FOREST HILLS PUBLIC SCHOOLS

Forest Hills Eastern Middle & High Schools

These two schools are located on 115-acres in the Northwest quadrant of the Township, at Pettis Avenue and Knapp Street. Existing recreation facilities include tennis courts, soccer field, baseball diamond, softball diamond, football field, track and field facilities, open playfields, two gymnasiums, performance theater and auditorium.

Community Education

The Forest Hills School District offers a variety of community education programs, several which are recreation or fitness oriented. These programs are generally conducted at school sites.

COMMERCIAL / PRIVATE FACILITIES

Ada Township has growing commercial enterprises offering a variety of local and regional recreational opportunities. Increased growth in the Township has stimulated this sector of the recreational market, creating several new businesses. It is anticipated that more growth in the commercial recreation area will continue over the next decade in response to demand.

Forest Hills Community & Aquatics Center

This indoor pool facility, completed in 1990, is owned and managed by Forest Hills Public Schools. It is located adjacent to the Township boundary, northeast of Ada Drive and Forest Hills Avenue. This quality facility receives heavy usage and is open to the public six days a week. This facility, along with the Mary Free Bed YMCA pools, satisfies Ada Township's demand for indoor swimming facilities. A walking/biking path to the facilities along Ada Drive from Spaulding Avenue was completed in 2005.

Lions Field:

Lions Field is a privately-owned facility that contains four baseball diamonds. The ball fields are used primarily by over 20 area Little League baseball teams. The ball fields were recently improved with irrigation, new backstops, dugouts, and a batting cage. A new building was constructed in 2005 that contains restroom facilities, a concession stand and an indoor batting area. The park also has a picnic shelter, 12 picnic tables, a grill and 2 children's playground areas.

Kent County Conservation League:

The Kent County Conservation League is a private sportsman's organization with trap, skeet, sporting clays, rifle, pistol, and archery ranges on its 171 acres immediately east of Seidman Park. The clubhouse building has kitchen facilities and is rented out for private receptions.

Creston Rod and Gun Club:

A small rod and gun club with outdoor shooting facilities is in northern Ada Township, adjacent to the Grand River on Pettis Ave. north of Knapp St.

Egypt Valley Country Club:

Egypt Valley Country Club, located in the northern portion of Ada Township, is a private club with a 27-hole golf course, tennis courts, outdoor swimming pool and large clubhouse. Until 2006, the course had been the site of a Senior PGA tournament. After 15 years the tournament was cancelled due to the loss of corporate sponsorship. As a private facility, the club has very little impact on public recreation opportunities in the Township.

Alticor Corp. Employee Softball Field:

Alticor has a softball field for use by its employees. It is located on the north side of Grand River Dr., at the west end of the Alticor manufacturing facilities.

Alticor Corp. Employee Fitness Center:

Alticor Corporation has an employee wellness and fitness center on its corporate headquarters site on M-21 at Ada Drive. As one of the largest employers in Kent County, this facility serves over 3,000 people, many of whom live within the Township. The facility includes a weight room, a cardio fitness room and a group fitness center that includes a variety of top-of-the-line exercise equipment.

Adacroft Commons Association:

Some limited private facilities are located south of M-21 in the Adacroft Commons subdivision. In addition to several "commons" areas consisting of wooded ravines throughout the development, the Adacroft Commons Association maintains a small pond and surrounding lawn area that can be used for picnicking. The pond is not of sufficient size or quality for any water-based recreational activities.

Boarding Stables:

The rural areas of Ada Township offer an excellent setting for horseback riding. A couple of the Township's boarding stables have closed in recent years, including the Open Ridge stables on 2 Mile Rd. and the Willow Creek stables on Pettis Ave., near Conservation St.

The Township's remaining equestrian facility is a large boarding facility and arena, Thomet Stables, located on Pettis Ave. at 2 Mile Rd.

Mary Free Bed YMCA:

Built in 2016 to replace the old Southeast YMCA and located south of Ada Township on Burton St. between Kraft Ave. and Spaulding Ave., this membership facility has full fitness facilities including an indoor track. The facility was designed to be universally accessible.

MVP Athletic Club:

Located at 115 Crahen, this private membership facility is also located outside Ada Township, but near enough (4 miles from Ada Village) to serve many Township residents. It is part of the MVP network of recreation/fitness facilities. It is located on Crahen Avenue, north of Fulton St. Indoor facilities include eight hard tennis courts and six racquetball courts. The outdoor, summer club has a zero depth–entry pool with a water slide and kids play features, a sand play area for kids, a soccer and softball field, a sand volleyball court, running track, an outdoor cafe, 4 clay tennis courts and four hard tennis courts and locker room facilities. The summer facility has a wide variety of camp and sports programs for members and guests.

MVP Sportsplex:

The MVP Sportsplex is another private, membership-based, full-service fitness and recreation center, located at the corner of East Paris Ave. and Burton St., 6 miles from Ada Village. The facility has 3 group exercise studios, 6 indoor tennis courts, a large fitness floor with 300 pieces of cardio-vascular and strength training equipment, a 25-meter, 5-lane indoor pool, and an outdoor aquatic center with water slides and 0-depth entry pool.

Patterson Ice Arena:

Located within two miles of the Township border with Cascade Township, this is the only local indoor ice arena. This facility provides skating lessons, adult league, and open hockey.

PRIVATE PASSIVE OPEN SPACE:

A significant acreage of open space land has been permanently protected in Ada Township, through conservation easements that are held by either Ada Township or the Land Conservancy of West Michigan, as well as land that is designated through zoning approvals as permanent common open space in residential developments approved under the

Township's Planned Unit Development (PUD) zoning regulations. Over 350 acres of land is protected in the Township as permanent open space, using one or both two mechanisms. These lands are identified in the "Private" open space category on the map in the Appendix titled "Inventory of Existing Open Space Lands." Examples of open space in new development include the following:

- Common areas in Adacraft Commons Subdivision protect the steep, wooded hillsides in the subdivision from disturbance, and provide physical separation between abutting lots. Adacraft Commons, which was developed in the 1970's, was the first open space development in the Township.
- A large wetland area, as well as floodplain land along the Grand River, are protected open space in Egypt Creek Estates, located on the west side of Pettis Ave., north of Knapp St. The open space in this development provides over 800 feet of separation between the homes and Pettis Ave. and provides a recreational trail corridor along the Grand River.
- Over 30 acres of permanent open space are part of The Conservancy Subdivision, on the west side of McCabe Ave., north of Conservation St. A 200-foot-wide open space buffer separates the home sites from McCabe Ave., to maintain the rural character of the road frontage. A 33-acre open space area at the west end of the development includes rugged, wooded hills of maple, beech, and oak stands with a variety of wildlife.

Other residential developments with protected open space include Brookside, Catamount, Copper Valley, Darby Farms, East River Ridge, Egypt Creek Estates, Grand Valley Estates, Longleaf, Montreux, The Preserve, The Sanctuary, Treebrook Estates, Valley Ridge Country Club Estates, Wedgefield and West Village.

Five properties within the Township have land that is permanently protected by recorded conservation easements held by the Land Conservancy of West Michigan. The largest of the properties subject to LCWM conservation easements is on 110 acres of Grand River floodplain on Grand River Drive, west of the Amway corporate complex. The property owner has also granted a pedestrian access easement to Ada Township within the boundary of the conservation easement, which extends from the Township's existing non-motorized trail on Grand River Drive, extending north to the shoreline of the Grand River, and to the northwest corner of the property. With acquisition of additional easements, this public access through natural riverfront land has potential to be extended to the north across adjacent properties to connect to Roselle Park.

While not publicly accessible (aside from the trail segment noted above), this private protected open space in the Township is a valuable natural and recreational resource, which will be increasingly appreciated by Township residents in the future. This private open space is an important supplement to public lands in providing wildlife habitat, protecting river and stream corridors, and protecting natural plant communities. It is also becoming an important tool in helping to preserve the rural, open, and natural character of Ada Township, characteristics which are highly valued by its residents.

TOWNSHIP RECREATION AND EDUCATION PROGRAMS:

Ada Township Park:

The great majority of Ada Township's recreation programming occurs at Ada Township Park. This park contains softball fields, soccer fields, tennis courts, a basketball court, and a volleyball court. These facilities are used continually by individuals as well as organized groups. The Parks and Recreation Department coordinates recreation programs in the park in addition to renting out the facilities. School field trips, Scout programs and summer day camps are held at the park. The Les Craig Learning Center is used to host youth, family and adult recreation and education programs as well as teacher workshops and training seminars for conservation groups. Large community events such as the Grand Rapids Triathlon and the “August in Ada” children’s festival are annual events held at the park.

Leonard Field Park:

This park is traditionally known for its annual spring, summer and fall softball games and tournaments. Over the past few years programs at the park have increased to include school field trips, family friendly outdoor concerts, the annual Covered Bridge Bike Tour, Grand Rapids Triathlon, and Run-4a-Cause all take place at the park.

Roselle Park:

As this park develops, the level of organized programs has increased annually. Well-known events are the annual Roselle Park River Festival and the Grand River-Run. The park has become a destination site for both families and individual walkers and runners. Guided walks and instructional outdoor recreation programs are held seasonally in addition to spring and summer school field trips and summer youth programs.

The newly completed Roselle Park building, which opened in May of 2016, hosts a variety of community-based presentations, school field trips, youth programs, instructional outdoor recreation programs and training workshops. The facility is also currently rented to non-profit organizations and local businesses to engage their members and the community.

Softball Programs:

By far the largest Township-sponsored recreation activity is the softball league program with games at both Ada Township Park (two diamonds) and Leonard Field Park (one diamond). In the past years, this program has grown from 460 games a year to over 640 games a year. A significant part of this increase has come from offering a late season/fall adult league and adding additional tournaments.

Day Camps:

The summer day camp program started in 2010 with activities in Ada township Park. It has since expanded to include activities at Roselle Park, the Carl Creek Crossing Preserve and off-site adventures to Kent County parks and river trips. Age of participants ranges from 6 to 13 years, with high school and college students assisting as volunteers. Weekly participation ranges from 15 to 30 youth with an average 175 youth served each summer. Weekly themes range from sports to arts and nature study. This is structured as a 3-day per week program with hours similar to school days.

Day programs are also offered each month of the year, typically for ½ day durations. These are under different age groups and thematic titles with activities based on nature study and outdoor recreation. Participant levels vary with the seasons but range from 5 youth per event up to 40, with over 150 served per year. These are held at both Ada Park and Roselle Park. The Outdoor adventure group incorporates off-site locations as well. The Forest Hills Girl Scout Day Camp has been held annually at Ada Park for several years. This is a 4-day event that serves close to 150 girls from the region.

School Programs:

Field trip opportunities for pre-schools have been growing over the years with 2-3 local schools participating each season. Traditionally these have been held at Ada Park and are now also offered at Roselle Park. Discovery based themes get preschoolers introduced to nature and exploring outdoors.

Elementary and middle school programs include field trips to the parks and outreach to schools. Field trips are correlated with school curriculums and are held at Ada, Roselle, and Leonard Field Parks. Themes range from habitats and adaptations to watersheds and aquatic investigations. School field trips typically occur in the spring and fall. Winter field trips will be offered in 2017 for the first time. Outreach programs are conducted at schools when the school cannot afford bussing or as a pre-visit experience prior to coming out to one of the parks. Students also engage in stewardship initiatives on their school grounds and at the parks.

High school and college student programs primarily focus on volunteer opportunities and internships. A few field trips are conducted each year for classes seeking an in-depth field study experience.

Family and Adult Programs:

Family based events are held once or twice a month, typically as one weekend and one evening program. Weekend programs are experiential with a theme and activity based on the theme, such as blue birds and making a bluebird nest box. Evening programs are usually presentation style, often with live animal shows such as raptors or bats.

Attendance ranges from 10 to 85 for these events. Prior to 2016 these were held at Ada Park but are now being held at Roselle Park.

Programs that target adults include lectures, training workshops on land and water management topics, and teacher trainings. These have been held at Ada Park and are now being offered at Roselle Park. The teacher workshops are coordinated with local school districts while the management topics are coordinated with regional conservation organizations.

Special Events:

These range from events produced by Township staff to activities coordinated with community groups. The annual River Festival at Roselle Park has been a favorite for families for several years. The Parks and Recreation Department also facilitates the annual Grand River-Run which has 8k, 5k and 2k run components. This event attracts about 1,200 participants each year.

“August in Ada” is a Children’s Festival sponsored by the Ada Business Association. It has been held in both Downtown Ada as well as Ada Township Park. It hosts nearly 500 visitors.

An outdoor concert series coordinated with the Ada Historical Society is held one Friday evening a month in June, July, and August at Leonard Field Park. Dubbed “Beers at the Bridge,” it draws a crowd of about 1,500 for live music, food, and refreshments.

For several years the Parks Department has hosted a 5k fund raiser for the DeVos Children’s Hospital at Leonard Field Park called the “Run-4a-Cause”. Ada Township is also the host community for the annual Grand Rapids Triathlon, a nationally sanctioned event, utilizing both Ada and Leonard Field Parks. The Grand Rapids Triathlon attracts several thousand participants and many guests.

ADDITIONAL RECREATION PROGRAMMING

American Youth Soccer Organization (AYSO):

When the Ada-Cascade area AYSO program was established, all games were played at Ada Township Park. Since then, the dramatic growth of the league has outgrown the capacity of the available space at the park. The AYSO league now schedules games at several locations in Ada and Cascade Townships, including a full schedule at Ada Township Park. Other locations used by the league include Cascade Township Park, Grand Rapids Township Park, Ada Vista School, Pine Ridge Elementary School and

Forest Hills Northern High School. Games are played at Ada Township Park on Saturdays for 8 weeks in the fall and 8 weeks in the spring. Practices are held at Ada Township Park weekdays during the league's soccer seasons. Over 1000 youth, ages 4 ½ to 18 years, participate in this program each spring and fall. AYSO relies totally on volunteer parents for coaching, game officiating and equipment and field management.

Thornapple Valley Baseball League:

In 1954, Raymond and Bertha Brach willed the property now known as Lions Park to the Lions Club for the sole purpose of youth recreation. For the past 52 years the Thornapple Valley Baseball League has offered children ages 6–14 the opportunity to learn and play baseball. With over 600 children in five different age divisions, the TVBL is one of the largest youth baseball leagues in Michigan.

The surrounding urban areas of Grand Rapids, Cascade, and Lowell also offer significant regional facilities to area residents.

ADA TOWNSHIP COMMUNITY PARKS AND RECREATION PLAN SECTION 5

PLANNING AND PUBLIC INPUT PROCESS

RECREATION PLANNING

Recreation planning plays an important role in maintaining the quality of life in a community. If a community is to provide effective recreational opportunities, it needs a way of identifying and solving current problems and anticipating future needs. Recreation planning is one means of obtaining a perspective on these problems; developing realistic alternatives; formulating goals, policies, and recommendations for public and private decisions; developing criteria to measure change; and involving people in the planning, design and decision processes.

This Parks and Recreation Plan presents an evaluation of the Township's recreational needs and opportunities. It considers the existing amenities in the Township, the current and anticipated demand for additional or improved facilities, and the means for providing those facilities.

Since the previous Parks and Recreation Plan, developed in 2017, the Township has continued to make improvements to its park and recreation facilities.

This plan is to serve as a guideline for directing the Township in the operation and maintenance of existing and future facilities and programs to meet the recreational needs of its citizens. The plan summarizes long-term recommendations intended to guide the development of recreation opportunities and describes an action and capital improvement program for implementation over the next five years.

PLAN PROCESS AND DEVELOPMENT

This 2021 Community Park and Recreation Plan was developed by the Township, with the assistance of MCSA Group, Inc, a park and recreation planning consultant. Township staff met regularly with representatives of MCSA Group, between September 2021 and November 2021 for the development of this Plan.

Criteria considered and evaluated for plan development evolved from the examination of goals and recreation standards determined through a wide variety of input sources. This information was collected from the inventory and review of existing facilities; the identification of recreation needs and deficiencies; public opinion; current statewide recreation issues and priorities; and future expectations.

Public input was sought throughout the process by means of two (2) open Public Meeting held to solicit public desires and concerns regarding parks and recreation. The meetings were advertised via Email, on the Township’s website, social media and in the local media. The meeting schedule was as follows. A summary of the comments and discussion items can be found in the appendices of this report.

October 27 & November 3, 2021 Public Workshop

January 10, 2022 Public Hearing

In addition, the Township undertook a survey of Township residents. The survey was available on the internet via Survey Monkey, as well as printed copies at the Township Hall. A total of 281 surveys were completed. A copy of the survey and a summary of the results are included at the end of this section.

The survey was well received and indicated a high level of satisfaction with the Township’s Park and Recreation system. The most popular activities that the respondents would like to see expanded in the parks were walking/running trails, biking trails, pickleball courts, natural areas/ open green space, a dog park, and splashpads. Of the Township’s recreation locations, the parks most frequented are Ada and Roselle Parks. Some of the most common limiting factors for visiting the parks included location (too far), outdated equipment, parking, and not being familiar with the parks or their locations.

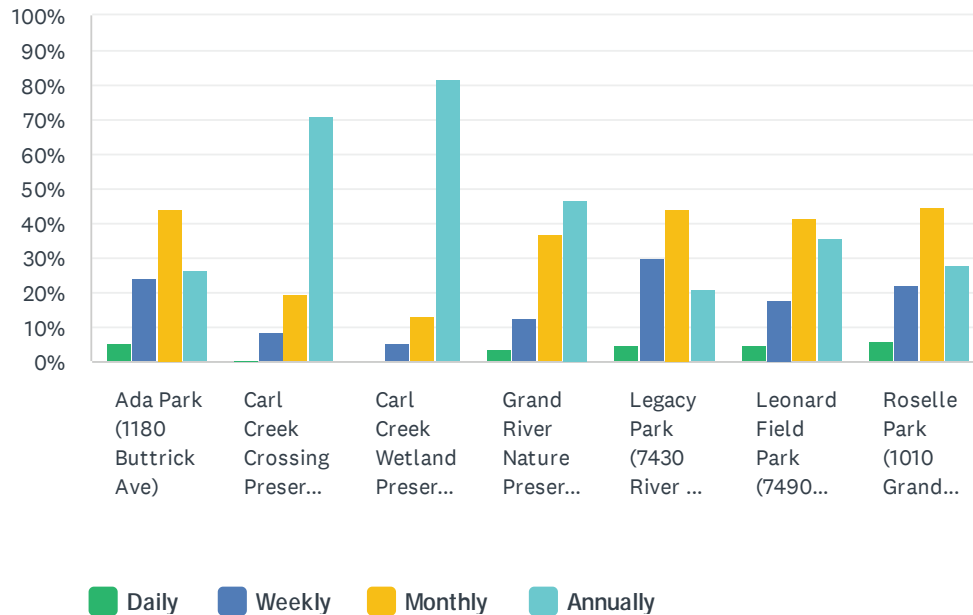

Comments from the public meeting and survey were incorporated into a final draft of the Plan, which was made available to the public for one month commencing on December 10, 2021, to solicit further comments prior to a public hearing and plan adoption.

Following the one-month review period, the final plan was presented during a public hearing to the Township Council on January 10, 2022. The Resolution to formally adopt this plan can be found in Section 9.

Not to mention hills limiting visibility to people walking/riding/running on the side of the road due to non-existent shoulders.	10/25/2021 1:32 PM
67	There is only one thing I would suggest: more benches, pavilions, and tables to allow for picnicking. We don't need more "bike" trails, because bicyclists refuse to use them.	10/25/2021 12:07 PM

85	Every thing seems to have the bare minutes done. It's not a great feeling seeing new walking paths added and most the time the snow is not even off then before 3pm. These parks need a total face-lift. Simple things like cutting down the dead trees that will become a hazard if they fall on someone or even making sure the bathrooms are clean. Some walls are half painted and other have plywood for doors in the stalls. Is not a great reflection of the management trying to get by.	10/19/2021 5:58 PM

112	No barriers. The parks are all wonderful and contribute to a great quality-of-life for residents, workers, and visitors to the area.	10/15/2021 9:42 AM
113	The walking / bike trail outside the Amway facility is appalling. It is exceptionally rough and very hard to bike on to the point of being dangerous. Should be ripped up, widened and re-installed. You would then have an extremely good circuit from Ada, along Carl/Grand River Drive, up Knapp to Honey Creek along Conservation to McCabe, to Bailey and back down to Ada. A great circuit ruined by Amway and a few of the trail bridges which have very high lips on then that could easily damage bike wheels	10/15/2021 9:02 AM

2	Cold weather, Covid	11/7/2021 3:39 PM
3	I don't have small children at home	11/7/2021 8:42 AM
4	Did not fit into my schedule	11/7/2021 7:59 AM
5	No little kids right now	11/6/2021 10:51 AM
6	Shops need to be open during all of these events	11/6/2021 9:29 AM
7	no interest	11/5/2021 11:58 PM
8	Recently, Covid is the main reason.	11/5/2021 10:03 PM
9	We attend most, but have missed Trunk or Treat and Children's Fair events.	11/5/2021 6:18 PM
10	Spend much of our summer and weekends in the UP	11/5/2021 5:49 PM
11	Life gets in the way	11/5/2021 5:05 PM
12	Not interested in some of them or don't have younger children at home	11/5/2021 5:04 PM
13	Conflicts with other events	11/5/2021 3:35 PM
14	I attend most of them. Brats and Bonfires hasn't fallen on days I've been available OR I am exhausted on Fridays during the fall as a parent and teacher.	11/5/2021 2:26 PM
15	Love the events but sometimes forget about them	11/5/2021 2:05 PM
16	Not for me.	11/5/2021 1:57 PM
17	no interest in those events	11/5/2021 1:50 PM
18	I have I attended the christmas singing on the bridge, the parade, live music, that thing where you travel around downtown businesses and get hot chocolate by fire and pancake breakfast	11/5/2021 1:25 PM
19	Time	11/5/2021 1:10 PM
20	I don't have small kids so I do go to those events. I also don't like huge crowds	11/5/2021 9:10 AM
21	New to the area and covid	11/4/2021 11:23 PM
22	other priorities	11/4/2021 7:35 PM
23	These events do not appeal to me.	11/4/2021 4:37 PM
24	I've been to all of them. Why isn't the Chili and Beer festival on here?	11/4/2021 3:47 PM
25	I would go to the brats or beers, but these have conflicted with my schedule	11/4/2021 2:57 PM
26	Out of town, don't have young children, bad weather	11/4/2021 12:29 PM
27	Often up north on the Holidays.	11/4/2021 6:26 AM
28	We are new to the area and are frequently out of town visiting family over the holidays.	11/4/2021 5:32 AM
29	Covid, don't want to be around that many people, naps for kids, timing	11/3/2021 9:57 PM
30	Busy	11/3/2021 9:54 PM
31	Ages of kids.	11/3/2021 7:49 PM

32	Time of day, conflicts, weather	11/3/2021 7:35 PM
33	Time, schedule, would like to come to more	11/3/2021 6:37 PM
34	Busy	11/3/2021 5:48 PM
35	Would love to do an old fashioned Christmas tree lighting!!! We moved from New England and every village does that at Christmas time with caroling and carriage rides, etc. It's beautiful! My husband played (with his band) at ours in Concord, NH, if you'd ever want to pick his brain!	11/3/2021 4:43 PM
36	I do attend	11/3/2021 2:49 PM
37	My kids are older, so we no longer attend those events.	11/3/2021 2:23 PM
38	Conflicts	11/3/2021 2:07 PM
39	My family and I tend to attend most of the community events when we are able to	11/3/2021 1:48 PM
40	COVID	11/3/2021 9:38 AM
41	Traveling or didn't know about them.	11/3/2021 9:09 AM
42	Nowhere to park	11/2/2021 10:45 PM
43	We've only lived here for a year and only began attending children events since having our daughter a year and a half ago.	11/2/2021 7:33 PM
44	Too crowded, the music is always too loud. A community event implies socializing and conversation which is prevented by music that is too loud. Make musicians aware that they are background music or advertise it as a concert.	11/2/2021 7:24 PM
45	Not here at those times	11/2/2021 5:08 PM
46	No kids in household	11/2/2021 4:44 PM
47	Love to be in nature, not crowds	11/2/2021 3:28 PM
48	Uninterested	11/2/2021 1:26 PM
49	Not usually interested	11/2/2021 12:13 PM
50	No reason.	11/2/2021 11:46 AM
51	I would like to get to more, but haven't always made the time.	11/2/2021 10:28 AM
52	Young kids	11/2/2021 10:19 AM
53	Not interested	11/2/2021 10:17 AM
54	schedule conflict	11/2/2021 10:14 AM
55	Too crowded with people from areas outside Ada.	11/2/2021 9:58 AM
56	Worried about crowds. Lack of clear information for "newbies"	11/2/2021 9:32 AM
57	Lack of information	11/1/2021 7:30 PM
58	Love the kid focused events but generally don't attend the adult oriented ones. Winter trolley is a nice mix	11/1/2021 7:00 PM
59	Just moved to Ada township a month ago, so have not had the opportunity to attend more than trunk or treat so far.	11/1/2021 5:00 PM
60	Family calendar conflicts... we go to every event if we are in town.	11/1/2021 9:44 AM
61	No kids	10/31/2021 6:40 PM
62	not of interest	10/31/2021 2:54 PM
63	no kids, events overcrowded	10/31/2021 11:35 AM
64	Just hasn't worked for Brats & Bonfires. Santa Parade isn't a priority - not into Santa.	10/29/2021 9:18 PM
65	out of town	10/29/2021 9:14 PM

66	No interest	10/29/2021 1:48 PM
67	We do not get notices and often too late.. we drive by and people are downtown Ada already after we have other plans. We live 2 mins away.. would love if there was a large sign with upcoming events somewhere along Fulton or in downtown Ada..	10/29/2021 1:40 PM
68	involvement	10/29/2021 12:35 PM
69	We've attended everything we were aware of	10/28/2021 6:55 PM
70	I've heard some of the more adult events are packed and parking is difficult. Many of the these activities are targeted toward families with kids or grandkids which I do not have.	10/28/2021 3:37 PM
71	Not interested	10/28/2021 2:11 PM
72	We used to live in GR. Now we live here!!	10/28/2021 10:33 AM
73	I do attend some, but don't have children at home for some of the kids friendly activities	10/28/2021 7:06 AM
74	My children are grown. Maybe when we get Grandchildren some events would be more fun again	10/27/2021 8:43 PM
75	Not interested in those particular events	10/27/2021 8:25 PM
76	N/A	10/27/2021 6:52 PM

82	We don't have kids, weird work hours	10/26/2021 9:17 PM
83	Just moved to to Ada in 2020	10/26/2021 4:33 PM
84	Just moved here in last year	10/26/2021 4:33 PM
85	I have	10/26/2021 4:29 PM
86	I did not go because I was not in town or was working or the weather was bad	10/26/2021 2:20 PM
87	too crowded for me	10/25/2021 5:09 PM
88	N/A	10/25/2021 2:29 PM
89	Knowing more about what is available and where everything is.	10/25/2021 1:40 PM
90	Sometimes lack of knowledge of the event, other times conflicts with personal schedules	10/25/2021 1:32 PM
91	Our children are grown. 4th of July we are up north at our cottage.	10/25/2021 12:56 PM
92	We do not have small children or drink beer.	10/25/2021 12:07 PM
93	Some are more child-specific and we do not have children.	10/25/2021 11:07 AM
94	I do farmers market every werk	10/25/2021 9:07 AM
95	We just moved here so we haven't been able to attend yet.	10/25/2021 5:44 AM
96	We have attended	10/24/2021 11:10 PM
97	COVID pandemic, lack of free time.	10/24/2021 12:57 PM
98	We are enjoying more solitude after working at a job that demanded constant social interactions.	10/24/2021 10:59 AM
99	Busy when they occur	10/24/2021 10:44 AM
100	Wasn't aware of them	10/24/2021 9:14 AM

101	I have mobility issues	10/23/2021 4:40 PM
102	Time conflicts	10/23/2021 11:22 AM
103	Some we didn't know about, but would attend. Others don't interest us.	10/23/2021 7:31 AM
104	Covid	10/22/2021 9:04 PM
105	Too crowded	10/22/2021 4:09 PM
106	They are mostly not fun or entertaining.	10/22/2021 3:05 PM
107	We are gone during the summer. Events we have attended are only because of girl scouts. Don't particularly love crowds.	10/22/2021 2:02 PM
108	out of town; no small children for trunk or treats	10/21/2021 5:50 PM
109	We attend when in town and the event fits the ages our our household members. When our children were younger, we attended different events than we do now.	10/21/2021 3:44 PM
110	We are gone during the summer months so miss 4th of July activity. Due to medical condition requiring vegetarian diet, Brats focused event is not of interest.	10/21/2021 3:21 PM
111	Covid	10/21/2021 12:47 PM
112	Out of town for the 4th	10/21/2021 12:26 PM
113	do not have young children	10/21/2021 12:19 PM
114	Interest, age	10/21/2021 6:50 AM
115	I am an empty nester now, so no kids for some kid activities. For the adult activities, I think they are great, just busy doing other things.	10/20/2021 10:47 PM
116	I don't have children	10/20/2021 3:57 PM
117	Na	10/19/2021 5:58 PM
118	Time constrains. We love hitting as many as we can.	10/19/2021 3:24 PM
119	Not my thing	10/19/2021 2:19 PM
120	We moved here in August 2021 and haven't made it to all of the events yet, but plan to do so in time.	10/19/2021 1:45 PM
121	Often it's been weather-related or we've had concerns with parking and crowds.	10/19/2021 10:06 AM
122	Not interested	10/18/2021 10:08 PM
123	We do not have kids.	10/18/2021 6:01 PM
124	Not interested in participated with crowds	10/18/2021 11:58 AM
125	If we don't attend community events it's because it doesn't work around our schedule	10/18/2021 9:31 AM
126	parking is hard	10/18/2021 8:06 AM
127	Kids too old	10/18/2021 6:50 AM

134	our children are now grown- 25-30 yrs olds	10/16/2021 4:49 PM
135	We don not have young kids.	10/16/2021 3:52 PM

136	Out of town	10/16/2021 9:35 AM
137	I have no kids....some of the more kid-oriented activities are normally just not on my radar	10/16/2021 9:05 AM
138	Schedule conflict	10/16/2021 8:54 AM
139	My children don't like large crowds	10/15/2021 11:31 PM
140	We don't have small children. It rained the last time we hoped to participate in the Beer and Brats night	10/15/2021 7:47 PM
141	No interest. Lowell's concerts/dancing and other events are more interesting.	10/15/2021 7:18 PM
142	Mainly because we moved here 3 years ago and 2 of the years have involved Covid (cancellations or not attending due to large crowds). Others are we are often out of town when events happen (like 4th of July)	10/15/2021 4:21 PM
143	Our kids our getting old or due to COVID. Typically, we love the events!	10/15/2021 4:14 PM
144	Not interested in children's events.	10/15/2021 4:12 PM
145	We've only been here since July 1. We were unpacking from move on 4th of July, and it was raining for Brats & Bonfires.	10/15/2021 3:44 PM
146	Usually scheduling conflicts	10/15/2021 2:34 PM
147	Out of town	10/15/2021 12:44 PM
148	Just timing conflicts around those times of year. I would envision myself going to them as my kids are getting older.	10/15/2021 12:35 PM
149	I'm by myself now- isn't that fun going it alone	10/15/2021 11:52 AM
150	Not sure	10/15/2021 10:30 AM
151	Just moved to the area, less than a month. We will be going and looking forward to the events!	10/15/2021 10:04 AM
152	Do not enjoy crowds	10/15/2021 9:44 AM
153	Those that I have not attended are because my children are now in their 20s.	10/15/2021 9:42 AM
154	Busy with other Plans	10/15/2021 9:30 AM
155	Distance to travel - we dont live directly in the township	10/15/2021 9:02 AM
156	Too crowded	10/15/2021 8:34 AM
157	.	10/14/2021 10:11 PM
158	Though it would be difficult with small children, too crowded	10/14/2021 2:42 PM
159	Work conflict	10/14/2021 12:18 PM
160	Most of them are slanted towards children events which I am not interested in	10/14/2021 11:14 AM
161	Didn't know it even existed and I checked the box cause we happen to be downtown when it was going on.	10/14/2021 10:40 AM
162	I just said that I did in the question above	10/14/2021 8:09 AM
163	no small children in household	10/13/2021 10:03 PM
164	Generally at our cottage for holidays & ate empty nesters	10/13/2021 8:07 AM
165	Children are older. Live close to village and do not need to visit during special events	10/12/2021 8:14 PM
166	Kids to old and just moved to Ada	10/12/2021 7:08 PM
167	Timing	10/12/2021 6:59 PM
168	Family commitments	10/12/2021 4:56 PM
169	Host my own	10/12/2021 12:06 PM
170	We recently moved here (1 year). We probably won't participate in any of the listed community	10/12/2021 11:39 AM

events because we don't have school-aged kids or any grandkids...but we WOULD have been involved in just about everything when kids were younger. We strongly support all of the community events (and park services for kids) for that reason - they help build & bond a strong community overall. Worth every cent invested.

171	I hate crowds and don't want to deal with parking.	10/12/2021 11:15 AM
172	At our cabin for July 4th! Attended parades when kids were young, not so much anymore	10/12/2021 10:23 AM
173	No kids for trick or treating	10/12/2021 8:07 AM
174	Special diets prevent attending any food related events. There's little to nothing for those of us that can't just eat anything offered.	10/11/2021 11:26 PM
175	Did not always know about them	10/11/2021 7:46 PM
176	Just usually out of town	10/11/2021 7:19 PM
177	Did not have children. Now that we do and they are a little older will likely attend more kid events. Have been a regular at evening events	10/11/2021 3:59 PM
178	Event times didn't work for our family.	10/11/2021 2:12 PM
179	dedication of legacy park; parades; farmers' market	10/11/2021 1:53 PM

67	Additional trails - specifically along Egypt Valley and Pettis	10/25/2021 1:32 PM
68	I would like the trail extend from Vergennes to Honey Creek on Pettis Ave.	10/25/2021 12:56 PM
69	Please stop spending money on "bike" paths that bicyclists won't use and are scarcely used by pedestrians. Please invest in more picnic tables and benches to make existing parks more useable. Please invest in activities for seniors.	10/25/2021 12:07 PM
70	No, thanks for this chance to give input	10/24/2021 10:59 AM
71	Bike path on Pettis, we have constant biking almost all year now on Pettis and a dedicated path would allow people an off road option	10/24/2021 10:44 AM
72	I like the idea of community events, concerts or parades.. I just don't know where to learn about them	10/24/2021 9:14 AM
73	Work on extending the existing trail system for all residents of the township so that they are closer and more accessible than they are	10/23/2021 4:40 PM

78	bike lanes on roads	10/21/2021 5:50 PM
79	Continue the focus on trail maintenance to protect the investment that has already been made in the extensive trail network. Continue developing off road multi-use trail systems.	10/21/2021 3:21 PM
80	Ada Village needs a skate park! I chase kids off of stairs and ramps at The Community Church weekly. I want to welcome them but they wreck our hardscaping.	10/21/2021 12:47 PM
81	Play structure equipment at Roselle Park. They have very little for kids to do besides climb the wall and walk the trail. They need slides, swings ect	10/21/2021 12:26 PM
82	better signage in Ada for trails - dangerous to cross the street by some parks.	10/21/2021 12:19 PM

86	Connect to other existing trail systems; more maps and better signage	10/20/2021 3:57 PM
87	On fixing what we already have. What's the point of adding more when they can't maintain what we have. It's absolutely ridiculous the amount of money that gets spent and the parks look	10/19/2021 5:58 PM

	awful. It's sad to say most the time we use the cascade parks because they are vary well kept up and always look clean. I have great hope for the parks but know nothing will ever happen.	
88	We would love to see a trail connect on paradise lake dr. Connecting ada dr. to hall st. It is a perfect spot to connect many neighborhoods, the school and the current trail systems. The road currently is way to dangerous to do so safely.	10/19/2021 3:24 PM

95	Trails	10/18/2021 6:50 AM
96	Expanding the ada trail system to NE Ada, connecting conservation to McCabe to three mile	10/17/2021 8:37 PM
97	Fishing access improvements; stop the dam from letting out so much water without notice and it should be done at night, not during the day as it causes issues for those fishing or canoeing, improve access up the west side of the river from covered bridge to the dam.	10/17/2021 12:43 PM
98	Maintenance of what we have. Keep the parks we have looking picture perfect	10/16/2021 10:25 PM
99	na	10/16/2021 4:49 PM
100	More pickleball courts or lighting on current courts	10/16/2021 11:14 AM
101	Improve dog park. Add grass	10/16/2021 9:46 AM
102	Need to keep the walking and bike trails cleared more often of debris and trash. In the parks (e.g. Seidman), the clearing of felled trees could be done more frequently	10/16/2021 9:05 AM
103	Expand biking trail to connect parks!	10/16/2021 8:54 AM
104	Is there a pamphlet available with a map showing all the Township parks and what they offer? Trails, rec. opportunities, etc.?	10/16/2021 8:13 AM
105	Stargazing Park or park open after dusk, especially in the winter when it's dark early	10/15/2021 11:31 PM
106	Not anymore. No longer care about the township I grew up in.	10/15/2021 7:18 PM
107	Item 26 should be a drop down option of 6 not 5	10/15/2021 4:14 PM
108	More restroom facilities. Put the extra restroom back in mid-Roselle.	10/15/2021 4:12 PM
109	Advertising the parks and park features that we already have	10/15/2021 3:44 PM
110	I think there should be private land education; meaning, not only invasive species identification, but ecological restoration through landscaping, habitat preservation, etc. I feel that many private owners lack knowledge in these areas and turn to commercial entities that introduce and recommend nonnative species. An alternative to this approach would be potentially grant funding or subsidies for commercial entities that deploy a native-first approach to the ecology of Ada.	10/15/2021 12:35 PM
111	No	10/15/2021 11:52 AM

113	No; seems like the categories cover funding options pretty well.	10/15/2021 9:42 AM
114	More paved pathways	10/15/2021 9:30 AM
115	Stop taking tax payer funds if you don't have specific needs. If you feel the need to make up uses or spend money just because it's there, that's irresponsible.	10/15/2021 8:34 AM

1	I think the Ada parks system is great.	11/7/2021 3:39 PM
2	None	11/7/2021 8:42 AM
3	no	11/7/2021 7:59 AM
4	already spend too much money, should be better stewards of tax payer money. Already have more parks than people use.	11/5/2021 11:58 PM
5	Nope	11/5/2021 5:49 PM
6	I would like to see the parks be more interactive. Self guided tours, workout stations, etc. to coincide and enhance the programs offered by the township. The parks themselves although unique, when viewed as a whole, do not equal the sum of the parts. Each park feels independent of the other, no common connection or experience that identifies itself as an Ada park. How about an introduction to pickleball class?	11/5/2021 3:34 PM
7	Can you help make more parks so there will be fewer houses?! I really hope the Grand River Nature Preserve could expand to that corner across from Leonard Park rather than more houses. Prevent more building on the river! Keep the green!!!	11/5/2021 2:26 PM

20	Please connect chief hazy cloud to Ada village with a bike path	11/3/2021 9:54 PM
21	We are very interested in a trail connecting the bridge at Fulton street to Chief Hazy Cloud Park and then up to FHE High School. So many cyclists traverse Pettis and it's very narrow and harrowing for everyone. It would be great to give them a safe trail, and also open up this area to connect to downtown Ada. Maybe some kids at the MS/HS could bike to school too if this was created and it could keep cyclists/pedestrians off Pettis.	11/3/2021 7:49 PM

24	Have township staff monitor parks regularly.	11/3/2021 2:49 PM
25	More paths (paved and/or unpaved) from neighborhoods to the parks and areas of recreation would be great.	11/3/2021 2:07 PM
26	Really love all the work and improvements the township is doing. great job!	11/3/2021 1:48 PM
27	You guys do a really great job with our little town! Thanks for that!	11/2/2021 7:33 PM
28	Partner with west Michigan mountain bike association for more single track trails	11/2/2021 7:12 PM
29	I believe that there are many people who would participate in winter programs. It would be great if we could have some parks open at night with lights for walking in winter. Some cross-country skiing, snowshoeing and bonfires would also be awesome. It is dark so early in the evenings and people really need places to get out for fresh air and exercise when it is cold	11/2/2021 4:44 PM
30	Lower the price for roselle park rental for residents	11/2/2021 3:48 PM
31	Parks and Preservation are essential for the environment and for maintaining the appeal of life in Ada Township. Thank you for all your efforts.	11/2/2021 3:28 PM
32	Glad more land is being conserved and preserved to reduce fragmentation	11/2/2021 11:40 AM
33	No that's it	11/1/2021 7:00 PM
34	Great job! Keep up the good work! I love CCWP, and the changes since we acquired it. Public access is going to be *tough*.	11/1/2021 5:14 PM
35	Thank you for your hard work - we love living in Ada!	11/1/2021 9:44 AM
36	We like when a problem on the Ada non motor trail come up ... it gets resolved in days (tree) weeks (bridge) great job!!!	10/31/2021 6:40 PM

40	We like visiting the parks we have. We could have more along the rivers.	10/29/2021 1:48 PM
41	The parks dept does a great job! Everything is thorough and thoughtful. The intentionality of native planting is progressive, beautiful and important for the environment and earth. Focus on waterways is welcome, connecting the state. Of interest in quest for water beauty trails, the dumping by GR of run off water from the DW development, permitted by EAGLE is a travesty to the waterway at the Knapp St boat launch. Besides the "ok'ed" pollution levels, dumping 10-20 tanker semi trucks a day depletes the water site of oxygen, native eco systems and species. This is a travesty and should be the developers problem or the City of GR but not the compromise of a beautiful launch site and its river eco systems...in our Township!	10/29/2021 12:35 PM
42	are there other ways to make all this information available more readily?	10/28/2021 6:55 PM

51	We take several walks in Ada throughout the week and would like to see the parks & trails maintained better.	10/26/2021 4:33 PM

52	The parks are a big selling point for living in Ada Township. Legacy Park landscaping needs to be maintained. It had degraded this year.	10/26/2021 4:33 PM

58	Offer assistance for residents of Ada Township in controlling invasive species. Not everyone can afford to hire professional to do this.	10/25/2021 12:07 PM
59	No sure if it's in the purview of this department, but more sidewalks that connect to trailways to making getting to them safer would be nice. Especially along busy roads like Spaulding Ave.	10/25/2021 11:07 AM
60	A field house might be a nice addition as more programs are offered in Ada.	10/25/2021 5:44 AM
61	I would like to see the non motorized path go up Rix Street off of Ada Drive. I live in the Ada Towne development. Rix is very busy and many residents use the non motorized trails. It would be much safer to have the trail extend up Rix.	10/24/2021 8:27 PM

78	Great job!	10/18/2021 11:58 AM
79	Again, we would love to see the Ada Trail connected through Paradise Lake Drive between Hall Street and Ada Drive! Thanks for your consideration!	10/18/2021 9:52 AM
80	Please consider more family friendly dirt/mountain bike trails, e.g., at Chief Hazy Cloud, Roselle. None of the area trails are appropriate for many kids (State Game area, Cburg Ski Hill, Merrell, etc.). Thanks!	10/18/2021 8:38 AM

90	They screwed us out of our family heritage, Nope. No longer care about Amwayville,	10/15/2021 7:18 PM
91	My personal priority would be safe sidewalk from Fase St to River Street to accommodate walkers and bikers. Kids want to take the "short cut" instead of going over Covered Bridge. Second priority would be a nice deck or walking path closer to River so you can see it. Or access to dock our boat and walk up to Ada Market etc.	10/15/2021 4:14 PM

101	This survey was not well constructed. What if I attend a park semi-annually or every few months? Those were not options. We love Ada, and the new river side park is lovely. Our primary reason for not attending functions is because of how crowded they are. Either expand the area(s) where they are held, or offer longer times or more days.	10/15/2021 8:34 AM

107	They do a nice job of maintaining parks but lack personnel to offer a variety of programs that you would normally come to expect from a parks and rec department. This would require more funding or to charge higher prices. I have been happy with what is available and offered from a facility standpoint.	10/12/2021 8:14 PM

ADA TOWNSHIP COMMUNITY PARKS AND RECREATION PLAN SECTION 6

NEEDS AND DEFICIENCIES

This section of the Plan identifies recreation deficiencies determined through a variety of means. Study methods include comparison to recreational standards for acreage and facilities, geographic distribution of existing facilities, direct input from Township staff and representatives, and public input and participation. While each of these methods has its limitations, using a combination of methods will yield a more accurate assessment of recreational needs and deficiencies. The following is a brief description of each of the methods used.

RECREATION STANDARDS

While only a guide, recreation standards provide a benchmark for evaluating the relative adequacy or inadequacy of the Township's recreation system. This Plan has used as a guide the 1983 Recreation, Park, and Open Space, Standards and Guidelines and 1995 Park, Recreation, Open Space and Greenway Guidelines published by the National Recreation and Park Association.

Typical recreation standards establish a certain number of activity-specific recreational facilities per 1,000 of population (e.g. 1 tennis court per 2,000 persons). Other standards establish a certain number of acres per 1,000 of population for different types of park facilities, such as neighborhood, community and regional parks. These standards are adapted to reflect the Township's character and compared with the Township's existing and projected population. This Plan will combine both approaches to ascertain deficiencies in recreational facilities and acreage. The 2021 World Population Review estimate was used for the purposes of this study.

There are two basic types of recreational experiences: "active" and "passive." "Active" recreation requires space and facilities capable of accommodating exertive activities. Such facilities include: sports fields, play apparatus areas, open areas, special facilities, such as pools and court areas, and areas for organized activities. On the other hand, "passive" recreation requires little more than space and furniture for quiet, non-exertive activities for limited numbers of users.

Recreation areas must provide for both types of use and preferably include a variety of opportunities for each to respond adequately to a wide range of interests and age groups.

Parks are generally classified by purpose and area per population served. They range in type from mini-playlots and green areas to large regional and national parks.

The categories used for this plan will be as follows:

1. Neighborhood Park
2. Community Parks
3. Preserves
4. Trails

RECREATION STANDARDS FOR ACREAGE

1. Neighborhood Parks

Description - Neighborhood parks serve individual neighborhood populations as determined by the distance that can easily be traveled by local users for relatively short periods of recreation. Facilities provided in these parks are generally active in nature and include multipurpose open play areas for pick-up games, play apparatus, court areas, landscaping, site furnishings and possibly a shelter. Special areas for bike riding or specific court games may also be provided. Activities for all seasons should also be included.

Service Areas - The area served by neighborhood parks is generally considered to be a one quarter (1/4) mile to one half (1/2) mile radius in size and should be uninterrupted by non-residential roads or other physical barriers.

Neighborhood Park Acreage Standards - Nationally accepted standards for neighborhood parks recommend one to two (1-2) acres per 1,000 of population with five (5) acres as a minimum size and five to ten (5-10) acres optimal. It is recommended that the minimum of two (2) acres per 1,000 population be used as a guide for site selection.

Existing Recreation Acreage

Ada Township currently has (0) parks that would fit into the neighborhood park definition.

Needs and Deficiencies: The table below compares the 2018 Township population to the recreation standard of two (2) acres per 1,000 persons.

<u>2021 Population</u>	<u>Neighborhood Rec. Acreage Required</u>	<u>Neighborhood Rec. Acreage Available</u>	<u>Deficiency/ Surplus</u>
15,080	30.16	0.00	-30.16

For the 2021 population, there is deficiency of 24.25 acres for neighborhood recreation in accordance with the recreational standards. The above table indicates that the Township is currently significantly deficient in neighborhood recreation areas and this deficiency increases as the population grows. However, these deficiencies need to be considered jointly with the facilities provided by Community Parks, which can have a joint purpose, also serving the neighborhood. The National Recreation and Park Association recommends a total close-to-home space (Mini-Parks, Neighborhood Parks and Community Parks) of 6.25 to 10.5 acres per 1000 population. Ada Township and Roselle Park currently provide for traditional neighborhood uses.

2. Community Parks

Description - Community-wide parks provide a range of facilities and areas capable of supporting organized community participation programs that would not be appropriate in neighborhood parks because of their average size or traffic volume generated. Facilities should be centrally located, diverse enough to accommodate all age groups for both active and passive experiences and organized so that compatible uses relate to one another. Adequate parking and vehicular circulation are also important since park users will generally arrive at these parks by vehicle. Lighted use areas significantly increase the recreational value of parks of this type. Typical facilities recommended for

community parks include ball fields, open use areas, tennis courts, picnic areas, play apparatus areas, restrooms, and shelters. Additional special facilities could include band shells, amphitheaters, swimming and wading pools, community-meeting buildings, skating facilities, bicycle courses and nature study areas.

As with neighborhood parks, it is often beneficial to develop community parks in conjunction with junior or senior high schools where practical because of the athletic fields and courts potentially available for public use. This arrangement assures the maximum level of use as well as the most practical expenditure of development funds.

Service Area - The area served by community-wide parks varies significantly from one municipality to another because of the distribution of population and related factors. However, a community park usually serves two or more neighborhoods and ½ to 3-mile distance. This distance will be considerably greater for many years in the Ada area because of the agricultural character and attendant scattered development.

Community Park Acreage Standards – The size of a community park varies according to the desired uses but is usually between 30 and 50 acres. It is recommended that a range of five (5) to eight (8) acres per 1,000 population be used as a standard basis for development.

Existing Community Recreation Acreage – Ada Township has four (4) parks that function as community parks. Several school sites in the Township provide community recreation facilities. While they cannot be considered community parks, they do provide community access to athletic fields.

<u>Name</u>	<u>Existing Site Acreage</u>
Ada Park	57
Legacy Park	2.92
Leonard Field Park	2.99
<u>Roselle Park</u>	<u>240</u>
Total	302.91 acres

Needs and Deficiencies: The following table compares the 2021 Township population to the recreation standard of eight (8) acres per 1,000 persons.

<u>2021 Population</u>	<u>Neighborhood Rec. Acreage Required</u>	<u>Neighborhood Rec. Acreage Available</u>	<u>Deficiency/ Surplus</u>
15,080	120.64	302.91	182.27

When comparing existing Community Park land to current population, there is a surplus of land devoted to community recreational use. The two Township Community Parks are well distributed with Roselle serving the northwest of the Township and Ada Park the northeast area.

3. Preserves

Natural resource areas are lands set aside for preservation of significant natural resources, remnant landscapes, open space, and visual/aesthetic buffering. These sites are typically unsuitable for development but offer natural resource potential and can support recreational activities at a level that preserves the integrity of the natural resource. The location and size of these parks are largely governed by availability.

Existing Natural Resource Area Acreage – Ada Township currently has seven (7) properties that fit into this category.

<u>Name</u>	<u>Existing Site Acreage</u>
Carl Creek Crossing Preserve	8
Carl Creek Wetlands Preserve	34
Knapp Corner Preserve	1.06
Thornapple Confluence Preserve	26.9
Grand River Area Preserve	120
Grand River Fulton Street Preserve	5.4
<u>Grand River Overlook Preserve</u>	<u>0.54</u>
Total	195.9 acres

Needs and Deficiencies: There are no recognized acreage standards for natural resource areas. It is important to identify and protect natural resources under the control of the Township. It is also important to provide improved access and facilities, while maintaining integrity as a wildlife habitat.

These sites focus on the Carl Creek, a Tributary of Grand River, and the Grand River itself, the primary natural resources in the Township. The Thornapple River, a Tributary of the Grand River also flows through the southern portion of the Township.

4. Trails

There are several different types of trails that can provide both transportation and recreation opportunities. Trails may be located within parks, on an independent right-of-way, or within the road right-of-way. Connector Trails are defined as “multi-purpose trails that emphasize safe travel for pedestrians to and from parks and around the Community” (J.D. Mertes and J.R. Hall, Park, Recreation, Open Space and Greenway Guidelines, 1995). These trails are generally located within the road right-of-way and can be divided into two types. Type I has separate paths for different user types, such as pedestrians and bicyclists. Type II has mixed uses and is suited to lighter use patterns.

Existing Facilities- The Township has a well-developed system of internal park trails, type II connector trails located within or alongside road rights-of-way. This system connects to neighboring municipalities. In addition, a part of the National Park Service, the North Country Trail runs through the northeast portion of the Township. The Iron Belle Trail, a Michigan Trail System is located along this same route.

The Township Trails Millage funds improvements to trails.

Needs and Deficiencies - There have been no deficiencies determined for this category and needs vary depending on the community. Trail development, both within parks and linking parks together, is a high priority. A study “Connect Ada” was completed in 2020 and identifies the existing and future expansion of the already robust trail system to connect neighboring municipalities. It is in the appendix of this document.

5. Other Township Holdings

The Township also owns portions of land in the surrounding State and County properties. That ownership is as follows:

Name	Existing Site Acreage
Chief Hazy Cloud	3
Cannonsburg State Game Area	38.875
Total	41.875

RECREATION STANDARDS FOR ACTIVITIES / FACILITIES

A comparison of activity-specific recreational facilities within the Township with recreation standards indicates that the Township contains many of the recreational facilities desirable for the current and future population, but deficiencies are evident in some areas. While the standards for comparison address the quantity of facilities generally desirable for several persons, they do not address quality or location concerns. Consequently, a community that has the appropriate numbers of facilities may not have facilities of a useful or desirable quality or may not have facilities located where they would be most accessible by residents. Also, not all the facilities are available to the public or for use by the Township Recreation Program.

RECREATION FACILITIES SUMMARY

Ada Township takes pride in its park and recreation facilities and demonstrates good stewardship of its natural resources. While substantial improvements have been achieved over the last 10 years, a variety of improvements are recommended to fully utilize the Township's recreational land and improve accessibility for all users.

ADA TOWNSHIP COMMUNITY PARKS AND RECREATION PLAN SECTION 7

GOALS AND OBJECTIVES

Ada Township has developed the following goals and objectives for Parks and Recreation facilities and programs. These goals and objectives are based upon the recreation inventory and needs assessment, the Community Survey and direct input from citizens, elected and appointed Township officials and Township staff.

The goals are long-range, broad in scope and flexible to accommodate future change. Objectives are the actions the Township intends to follow to achieve the stated goals. The objectives are specific and intended to direct program and development decisions to be made during the next five years. Goals and objectives are flexible enough to reflect changing attitudes and opportunities as may present themselves. Time and attitude changes can impact specific options. It is therefore essential for the Township to be responsive to its citizens and evolving needs.

Operational Goals

Enhance the administrative and operational capabilities of the parks and recreation department to operate more efficiently and have the capacity to meet recreational and educational goals.

Operational Goal No. 1

Increase the capacity of the Parks and Recreation Department by the addition of personnel and resources.

Objectives

- Update departmental personnel structure and job descriptions to meet current and future needs.
- Establish a staff transition plan to increase and fund future staff and contractual instructors.
- Assess and update contracts used for program instructors and services

Operational Goal No. 2

Improve and enhance administrative facilities and infrastructure according to Ada Township's strategic plan.

Objectives

- Continue implementing the new RecPro recreation software.
- Establish better data management systems (databases) for program registrations, tracking of program participants, facility use and communications.
- Upgrade IT and communication systems and services within the Parks office and related Ada Township facilities.
- Utilizing the recent space needs assessment and further recommendation, update the operational needs, functions and layout of maintenance and administrative work areas.
- Make short-term and long-term improvements to the park office/learning center facilities including transitioning it to an administrative/operations management space verses a learning center.

Operational Goal No. 3

Evaluate and further develop funding structures and opportunities for program services and operations.

Objectives

- Increase use of grant funding, donations and business sponsorships to support future facility development, land acquisition and programs services.
- Assess and refine user fees and revenue goals for program participation and facility use.
- Assess and refine budget allocations to better align and define more clearly parks operations & program services.
- Conduct a capital campaign to enhance funding opportunities and supplement Ada Township funds.
- Coordinate with the DDA, ABA and Community foundations on regional support and partnerships.

Parks Goals

Provide a system of public parks and natural areas that provide opportunities for both active and passive recreational use.

Park Goal No. 1

Improve existing parks and open space preserves to provide opportunities for a diverse range of active and passive recreational use, increased accessibility and preservation of natural systems.

Objectives:

- Develop or update site master plans, management plans and stewardship plans for each park and open space preserve, to provide appropriate and safe public access and provide guidance for maintenance and stewardship activities.
- Update Ada Township Park master plan to reflect recent accomplishments and future goals to have quality natural areas, a diverse arboretum, recreational facilities and support amenities.
- Continue the development of Roselle Park as to the current Master Plan, new goals while improving the maintenance and stewardship needs.
- Utilize the new site master plan for Leonard Field Park as a guide for future facility improvements and development.
- Create a Master Plan for Legacy Park that deficiencies short and long-term improvements, connectivity to adjoining properties and trails.

Park Goal No. 2

Increase parkland area via acquisition of properties/title; access privileges; partnerships with regional organizations.

Objectives:

- Obtain privately held properties adjacent to or within the boundaries of current parks.
- Establish first right of refusal purchase agreements with landowners of priority properties sought for potential future acquisition.
- Continue work with Kent County Parks Department to identify and acquire additional park land in Ada Township.
- Continue work with Kent County Parks on the design and development of Chief Hazy Cloud Park.
- Advocate for the inclusion of parks in Planned Unit Developments.
- Establish a small community park in the northern section of Ada Township.
- Establish a community park along the Ada Drive corridor.

Park Goal No. 3

In partnership with the Downtown Development Authority and other community partners, enhance public park space and community facilities as proposed in the Envision Ada redevelopment plan.

Objectives:

- Continue the development of the new Legacy Park to make it more accessible, additional amenities as needed and having engaging community programs.
- Improve way finding information in the Village and parks.
- Continue work on the trails and Legacy Park to connect with nearby areas such as the Thornapple River Confluence site, the Grand River Natural Area and trails in the village.
- Coordinate with Forest Hills Publics School, private schools and residential communities with properties in the Township to provide opportunities for public access.

Trails Goals

Develop and maintain a network of non-motorized trails in Ada Township that are coordinated and interconnected with trail networks in adjacent communities and the region.

Trail Goal No. 1

Support the existing non-motorized trail network with appropriate infrastructure and maintenance while continuing to add new trails as opportunities are identified.

Objectives:

- Expand the existing trail network to further connect Ada Township households, neighborhoods and Ada Village.
- Take advantage of potential regional connections and account for access to township parks, county parks and recreational opportunities.
- Maximize the user experience and longevity of current and future trails and infrastructure through annual review and maintenance projects.
- Provide support for ancillary projects such as trail head parking, way finding signage and user support services for trail users.
- Leverage additional funding such as grants, bonds and partnerships.

Trail Goal No. 2

Continue the addition and enhancement of non-paved trails within the Township for year-round use.

Objectives:

- Enhance and expand the non-paved trails within the Township owned parks.
- Coordinate with Kent County and the MDNR on identifying trails within their jurisdictions in Ada Township
- Coordinate with Kent County and the MDNR to provide trail services within the County Parks and State Game area that coincided with the needs and interest of Ada residents and visitors.
- Coordinate with “through trails” of the North Country Trail and the Michigan Iron Bell Trail as they traverse through Ada Township
- Coordinate to serving interested groups affiliate with specific trail use such as: equestrian, mountain biking, hiking, cross-country running, cross-country skiing and snowshoeing.

Trail Goal No. 3

Continue development of Water Trails along the Grand River and Thornapple River.

Objectives:

- Coordinate with LGROW and other regional communities and partners to complete the Lower Section of the Grand River Water Trail and establish State recognition.
- Coordinate with LGROW, MGROW, the Upper Grand and the National Park Services to establish National recognition of the Grand River Water Trail.
- Coordinate with the Thornapple River Watershed Council, the Ada Dam Association and other community partners to establish a Water Trial on the Thornapple River connecting to the Grand River in Ada.
- Help complete the inventory, needs assessment and development plan for the Grand and Thornapple Rivers in Ada Township including: river access points, points of interest, safety needs, risk area, public amenities, and signage.
- Identify specific sites on or near the rivers in Ada Township that are owned and/or managed by Ada Township for their development, operational and funding needs.

Programming Goals

Increase recreational, educational and leisure program opportunities and services for Ada township residents.

Programming Goal No. 1

Increase the diversity and quantity of passive recreation opportunities by improving or adding recreational facilities in Ada Township.

Objectives:

- Increase the capacity and/or upgrade facilities at current parks and preserves to provide better opportunities for year-round use.
- Follow up on the recommendations from the 2018 Recreation, Facilities and Program Needs Assessment.
- Create a short-term and long-term vision and plan for recreation facilities in the region that can be used by all residents and visitors.
- Coordinate with other recreation service providers in the area to accommodate more public access and partnerships.
- Coordinate with public and private schools for developing better public access opportunities.
- Increase accessibility along the Grand River and Thornapple Rivers and navigability, including partnership with the developing water trail systems.

Programming Goal No. 2

Increase the diversity and quantity of recreation and educational opportunities by offering a broader spectrum of guided and instructional activities throughout the year.

Objectives:

- Continue to coordinate with Forest Hills School District, the Kent Intermediate School District, local private schools, home school associations and others to identify and establish outreach and field trip programs for students and workshops for teachers.
- Increase the capacity of Parks & Recreational staff and resources to facilitate and instruct programs.
- Continue to enhance the marketing and registration process for parks and recreations through updated software, website and social media.
- Increase partnerships with regional organizations and businesses to offer program services and share facilities.
- Identify potential private properties within Ada Township desirable for public access and program use and seek agreements with property owners.

Programming Goal No. 3

Increase collaboration with regional parks, recreation departments, nature centers, schools, and land preservation organizations/agencies in order to provide additional programs and to increased awareness of recreational programs and facilities for Ada Township residents' use.

Objectives:

- Maintain cooperative relationships with the Kent County Parks Department, The MI Department of Natural Resources, adjoining townships, the Land Conservancy of West Michigan and other agencies with publicly accessible properties. Increase use of those properties for program use.
- Coordinate with Forest Hills School District and private schools to identify school properties and indoor facilities usable for public access or to host program offering.
- Maintain resources, listings and contacts that reflect regional recreation and educational opportunities.
- Continue collaboration with the Ada Historical Society on program services, events, and marketing.

Programming Goal No. 4

Increase participation of Ada Township residents in recreation and education programs.

Objectives:

- Increase promotion of programs via local printed media, electronic media, social networking, email, web site, township publications, direct mail, non-township publications, park postings and business partnerships.
- Utilize surveys, evaluations and other tools to determine resident interest in programs.
- Establish co-sponsorship of recreation and education opportunities with area businesses for support and promotions.
- Utilize partnerships with the Forest Hills Public Schools and Kent District Library for facility use and program offerings.

Stewardship Goals

Protect sensitive environmental areas and those which serve important ecological functions in Ada township.

Stewardship Goal No. 1

Permanently protect and enhance natural open lands and restorable properties along the Grand River and Thornapple River corridors and their tributaries including Honey Creek, Egypt Creek, Carl Creek and in the Chase Lake area.

Objectives:

- Identify priority properties along the Grand River and Thornapple River corridors that can potentially be protected through acquisition of land or conservation easements on land, or through other means.
- Permanently protect natural open lands and major streams through acquisition of land, obtaining conservation easements on land, and other means.
- Conduct educational efforts to inform property owners along the Grand River and Thornapple River and their tributaries of the benefits, issues and best practices of land and stream preservation and natural riparian buffers along stream corridors
- Conduct stewardship efforts along the Grand River and Thornapple River and their tributaries to reduce the impacts of invasive plants, aquatic animals, trash, point and non-point source pollution.

Stewardship Goal No 2.

Preserve the open space qualities which contributes to its character and attractiveness of Ada Township.

Objectives:

- Preserve the Open Space qualities and Natural Features of Ada Township which contribute to its character and attractiveness.
- Identify and target for acquisition or protection high priority open space lands that contribute to the character and attractiveness of Ada Township.
- Conduct public information campaigns to increase public awareness of the tools available for land protection and educate residents about funds available for open space acquisition.
- Promote and provide educational opportunities for citizens to become more aware of and skilled in habitat protection and conservation on their own properties (ex: identification of invasive plants, use of native landscaping...). Encourage voluntary stewardship actions by property owners to maintain and enhance the natural character and qualities of their property.
- Identify modifications to zoning and other regulations that will encourage open space preservation and protection of important natural features as part of new development design and renovations.
- Complete an assessment of the riparian protection regulations enacted in 2005, and adopt modifications to the regulations as deemed necessary to achieve the objectives of the regulations.

Stewardship Goal No 3.

Encourage the protection of agricultural lands and the viability of agricultural land use in Ada Township.

Objectives:

- Encourage property owners to participate in the Kent County Purchase of Development Rights (PDR) Program.
- Use Land Preservation Funds as matching funds to supplement available County funds and Federal grant funding for acquisition of farmland preservation easements on selective properties for the Kent County PDR Program.
- Coordinate with local agricultural landowners to better understand their needs and interest.

ADA TOWNSHIP COMMUNITY PARKS AND RECREATION PLAN SECTION 8 ACTION PROGRAM AND CAPITAL IMPROVEMENT SCHEDULE

The Action Program and Capital Improvement Schedule for Ada Township states the proposed course of acquisition and development action that will be taken over the next six-year period. The Goals and Objectives serve as the guidelines for the development of the Action Program. The Capital Improvement Schedule will focus on the needs identified in the Action Program and will project potential expenditures for the six-year action period on a year-by-year basis, beginning in 2022 and extending through 2027. Extending the Capital Improvement Schedule beyond the five-year life of the plan allows the Township to continue to budget for up-coming projects.

The Action Program focuses on the reduction of current deficiencies and the expansion and improvement of facilities in a manner that not only meets current needs but diversifies the quantity and quality of recreational opportunities within the Township. This Parks and Recreation Plan identifies these needs in general terms in the Recreation Needs and Deficiencies section; the Action Plan describes specific actions to be taken to address these needs; and the Capital Improvement Schedule specifically itemizes those projects which will be most feasible during the next six years. The proposed schedule will allow for flexibility as funds become available and as opportunities are presented. Proposed actions involve improvements to existing facilities and the addition of new facilities and programs as outlined below.

The following actions are comprehensive and will require more than five years to complete. Master Plans illustrating the proposed improvements are included for each of the major park properties.

This action program looks at some of the potentials that might evolve in the next six years, but also looks beyond to future years. Some of the acquisitions listed may not be necessary for six years or more but should be accomplished as opportunities occur, to place the land necessary for future generations in the public trust. A degree of flexibility should be maintained to take advantage of opportunities as they present themselves, which will revise and refine these actions based upon both funding opportunities and community opinion.

Capital Improvement Schedule

As stated in the Action Program, improvements and development will occur as funds and opportunities evolve. Assistance will be solicited from all available sources and will include both physical and financial support. Local businesses, service organizations, land developers, governmental agencies and the school district will be solicited for monetary and material support. The Township will also seek funding assistance from all available sources such as trusts, charitable foundations, and all Federal and State funding programs.

The following schedule is a breakdown of the anticipated projects and projected funding for the next six years beginning in 2022. As stated in the Action Program, improvements and development will occur as funds and opportunities evolve. All projections are based upon year 2022 costs and will be refined as the program progresses and the scope of work is determined. Changes in the program may occur if projected funding levels increase or decrease, but it is anticipated that the changes would be related more to adjustments in the time schedule rather than specific projects. Proposed projects will be scaled back as necessary if funding goals are not met.
