

**Ada Township Downtown Development Authority
DDA Coordinator**

The Ada Township Downtown Development Authority (DDA) is seeking a qualified individual to provide staff support services to the DDA Board and administer DDA plans, projects and programs. The DDA District includes the Ada Village town center, surrounding residential neighborhoods, and commercial and industrial areas along the M-21 (Fulton St.) corridor. The Ada Village area is in the midst of a major physical transformation as called for in the Envision Ada Plan, that will retain the traditional small-town character of the historic Village core, while replacing its 1970's-era shopping center with a walkable, mixed use area with traditional urban form. Expanded park and civic amenities are also being planned for completion in the next few years. This position offers the opportunity to be a part of this exciting time in the community's history. More information can be found at www.adamichigan.org/village.

The full position description can be downloaded in pdf format at:
